July 26th, 7pm
@ Village Hall

“Coffee With A Cop” brings community together

On June 21st, members of the Broadview Police Department were on hand at Dunkin Donuts to speak casually with residents as they stopped in for their morning coffee. Members of the Police Department's Command Staff chatted for hours with customers who had a few minutes to spare. Chief Tigera believes in providing multiple forums for Police to interact with the community, and this was a unique opportunity to break down the barriers that can exist in certain communities. “Coffee with a Cop” began in California and is spreading quickly across the country as citizens have come to expect more open and honest dialogue with their public servants. We were happy to have had this opportunity and more events like are in the works.

Beverly Park meeting scheduled for July 22nd.

Broadview Officers and residents in Broadview's Beverly section are noticing more and more suspicious activity on the south end of town. Reports of kids roaming the streets unsupervised and causing disturbances are becoming more common. For this reason, a special community meeting will be held at the Beverly Park Center on Monday, July 22nd at 7pm. Residents from the Beverly Section are encouraged to attend and meet with Police Department Command Staff to discuss their experiences and learn what steps this Police Department is taking to address their concerns. Similar meetings are being planned for other specific areas of Broadview in the very near future.

★ POLICE WATCH

CAUGHT IN THE ACT!

Broadview Police to Issue 'Slurpee Tickets'

Back by popular demand, Broadview Officers in cooperation with 7-11 Stores will be handing out coupons for free small Slurpee drinks this summer to children around Broadview who appear to be exhibiting good behavior and acting respectfully within the community. In a time when bad behavior seems to get a lot of attention, it is refreshing to see children respecting each other, their elders and their community. This initiative gives us a chance to recognize young people who contribute positively to our great village. It also strengthens relationships between this Police Department and the families we serve. We're proud to partner with 7-11 for "Operation Chill 2013".

Meet your newest Officer

The Broadview Police Department is pleased to announce the newest addition to the force. Officer Richmond Clayton graduated from the rigorous Illinois State Police Academy in Springfield recently and is currently in training with a Field Training Officer. His training on the street will last for an additional three months and he will remain in a probationary status until he completes his first year.

We hope you join us in welcoming Officer Clayton to Broadview. We're confident he'll serve with honor for many years to come.

Community Outreach vehicle hits the street.

The newest addition to our fleet hit the street in mid June. This Cadillac Escalade which was seized from a drug dealer has been "marked" and equipped, and will be used primarily by the Community Outreach Program when Officers attend neighborhood events.

Broadview's Curfew ordinance

By ordinance, curfew for those under 17 years of age is 12am-6am Friday-Saturday and 11pm-6am Sunday -Thursday. Please help us keep Broadview children safe.
